

[ELISE BOSMANS] Graphic Designer	25.08.2002 Herenthout, Antwerp, Belgium elise-b@live.be +32479173953 Category B driving licence since 18.08.2021	Graphic designer with a broad practice spanning print, editorial, motion and interactive work. Typography is my common thread, as form, as system and as a way of thinking. I'm drawn to the intersection of design and code, and to projects where things move, respond or behave in unexpected ways. I like to question how things are made, and I'm eager to keep learning by doing.
